

Stand-1020 Universal Monitor Stand for 10.1" Monitors for 1020, 1022 and 1029 Series

Description

Universal Monitor Stand for Xenarc Technologies Rugged 10" Monitors for 1020, 1022, 1029 Series

Xenarc Technologies Corporation does everything possible for the convenience of its customers,

so we developed a **Universal 10" monitor stand**. This **Universal 10" monitor stand** has many advantages such as the ease of adjusting the **Universal 10" monitor stand** height, the ease of **rotating** your rugged monitor 360 Degrees which is a huge advantage when working in a variety of spheres.

Strength & durability is one more advantage of this **Universal 10" monitor stand**. It reliably fixes and locks the rugged 10" monitor in an acceptable and convenient position fit for the user and reduces the risk of accidental falling of the device.

When the rugged **10" LCD monitor** is securely fastened in such a **tough and rugged Universal 10" monitor stand**, you can stop being afraid of jolts and strong vibrations, which makes this **Universal 10" monitor stand** truly universal even in areas with increased seismic activity. The **Universal 10 inch monitor stand** is suitable for displays with a diagonal touchscreen of 10", namely for models **1020, 1022, 1029 Series**. If you are the owner of a rugged monitor display from the previously mentioned lines, then you can add to your workplace this truly excellent **Universal 10" monitor stand**.
